1. Extracurricular Activities: General Provisions

What is an Extracurricular Activity?

- < Any University Interscholastic League (UIL), School District, or campus-sponsored or related public performances, events, contests, demonstrations, displays, club activities, athletics, whether on- or off-campus;
- < Any elected offices and honors (such as student counsel and homecoming queen);

- < All national organizations (such as National Honor Society or Future Farmers of America); and
- < Any activity held in conjunction with another activity that is considered to be an extracurricular activity (such as a meeting, practice, or fundraiser).

Why are Extracurricular Activities Important?

- < They enhance and enrich curricular educational offerings.
- < They offer participants the opportunity to be leaders and role models on campus and in the community.
- < They enable participants to represent the School District in a positive manner.

2. Jurisdiction

Who is Subject to the Extracurricular Code of Conduct?

Any student who participates in one or more extracurricular activities is subject to the Extracurricular Code of Conduct (ECC). A student is subject to the ECC from the time he/she is selected for, elected to, or otherwise joins an extracurricular activity and continues to be subject to the ECC from that point forward unless or until the student no longer participates in extracurricular activities. A student's participation is conditioned upon the student's compliance with this Extra-Curricular Code of Conduct, Bridge City ISD Code of Conduct, Bridge City High School Student Handbook, specific organization's handbook, and any other applicable handbook. This code will be enforced for all students in grades 7th – 12th participating in extracurricular activities.

When Does the Extracurricular Code of Conduct Apply?

The privilege of representing the School District carries with it a greater responsibility to conduct oneself with respect and dignity, and to serve as a role model for all students. Consequently, extracurricular activity participants are expected to comply with the ECC at all times, regardless of location. This includes both on and off-campus conduct as well as evenings, weekends, holidays, and summer vacation. This Extra-curricular Code of Conduct extends beyond the Bridge City ISD's Code of Conduct, Bridge City High School's Student Handbook, specific organization's handbook, and / or other applicable handbooks.

In Cases of Conflict

In case of conflict with Board Policy, Board Policy will prevail. In case of conflicts with other handbooks, guidelines, definitions, and / or clarifications, the principal or principal's designee will make the final decision.

6. Procedures

Who Determines that a Violation of the ECC has Occurred?

The activity sponsor, coach, or administrator will determine whether a violation of the ECC has occurred and will assess the appropriate consequence. Modifications to such consequences may be determined and implemented at the discretion of the campus principal or designee.

How will Consequences be Assessed for Different Violations of the ECC?

Consequences for violating the District's ECC are assessed based on the severity of the violation and the commission of prior ECC violations.

Is a Student Entitled to Participate in Extracurricular Activities?

No. Participation in extracurricular activities is a privilege, not a right. As such, a student's participation may be revoked at the District's discretion.

How Will Parents be Notified that a Violation of the ECC has Occurred?

Parents will be notified of all violations that result in suspension from participation in extracurricular activities. The activity sponsor or coach will contact the student and the student's parent via telephone or face-to-face conference within 5 school days from the time the activity sponsor or coach learns of such a violation. At this time, the activity sponsor or coach will inform the parent and student that a violation of the ECC has occurred, discuss with them the applicable consequences, and give the student an opportunity to respond to the allegations.

What if a Parent Does Not Agree with the Decision?

All appeals will be addressed through the District's complaint process, contained in policies FNG (Legal) and (Local). A decision of the Bridge City ISD Board of Trustees regarding an extracurricular activity complaint is final and cannot be appealed.

Note 7: When enrolled in an extra-curricular activity that is accompanied by a companion class, students under extra-curricular suspension may remain enrolled in the class. *Students with suspensions of 30 days or more may be removed from the companion class.*

Note 8: *For the Extra-Curricular Code of Conduct purposes, adjudicated means to settle judicially.* Deferred adjudication does not infer innocence for the purposes of the Extra-Curricular Code of Conduct. A judge may, after receiving a plea of guilt or plea of nolo contendere, defer further proceedings without entering an adjudication of guilt, and place the defendant on community service. In effect, if the defendant complies with the conditions of probation as ordered by the judge for a specified period of time, the defendant would receive the benefit of not actually being found guilty of the offense as charged. However, for the purposes of this code of conduct, students receiving deferred adjudication may be subject to the appropriate disciplinary action.
